

Ogle Family

Fundraising Dinner

**Sunday
August 15**

**U.M.B.A. Hall
Underwood, IA**

**Dinner Served
11:00–2:00 pm**

Mason has been battling Osteosarcoma for a little over 3 years. He was 13 when diagnosed initially. The cancer was in his knee. He had limb salvage surgery and 8 months of chemotherapy. Three months after finishing treatment he had scans that he had relapsed in his lungs. He had surgery to remove the tumors and again went through 8 more months of chemo. Mason has had a little over a year with clear scans, but unfortunately in May scans showed the cancer was back in his lungs again. Mason had lung surgery in June. The chemo Mason has completed ultimately didn't kill the cancer, which leaves very minimal options to keep the cancer from returning. We are now trying to find a treatment that will allow Mason more time. Mason is 17 and going to be a Senior at Underwood High School. He participates in Choir, Soccer and manages the Cross Country Team.
