INSPECTION IS REQUIRED BEFORE COVER-UP AND AT COMPLETION

<u>Required Inspections</u>: It shall be the duty of the holder of this building permit or their duly authorized agent to notify the Building & Safety Department when work is ready for the following required inspections:

- <u>Underground/Rough-In Inspection</u>: All underground piping from wells to house is required to be inspected before covering or backfilling. The plumbing code requires that this inspection shall have a minimum of a 15 psi test holding for minimum 20-minutes on all pipes from wells to house or a code equivalent flow test provided. All new system related or replacement equipment must be accessible for inspections.
- *Final Inspection:* All related equipment and/or system must be up and running and working properly for final inspection verification.
- Inspections should be scheduled and recorded before 5:00 p.m. the day BEFORE the inspection is requested.
- After Hours, Weekend and Holiday Inspections should be scheduled and the appropriate fee must be paid at least two-days before the required inspection date.
- All inspections should be called in and recorded to 712.309.2935
- AM scheduled inspections will be performed from 8:00 a.m. to 12:00 noon.
- PM scheduled inspections will be performed from 12:00 noon to 4:00 p.m.
- Any special requested inspection times will need to be pre-approved by your scheduled Inspector, the day before.
