# Residential One Story Detached Accessory Structures

#### **How to Use This Guide**

Provide two (2) sets of plans and complete the following: Minimum 11"x17"

- 1) Complete this Building Guide by filing in the blanks on page two (2) and three (3), and indicating which construction details will be used.
- **2) Provide 2 Plot plans** (site plan) showing dimensions of your project or addition and its relationship to existing buildings or structures on the property and the distance to existing property lines, drawn to scale.

#### 3) Fill out a building permit application.

The majority of permit applications are processed with little delay. The submitted documents will help determine if the project is in compliance with building safety codes, zoning ordinances and other applicable laws.

This handout was developed by the City of Underwood, Iowa Building & Safety Department as a basic Plan Submittal under the 2009 IRC. To help in questions that may arise in the application process. It is not intended to cover all circumstances or Code related issues as they pertain to individual projects.

## Residential One Story Detached Accessory Structure

#### **Directions**

- **1)** Fill in the blanks on pages 2 and 3 with dimensions and materials which will be used to build the structure. Please print legibly.
- 2) Indicate in the check boxes on page 3 which detail from page 4 will be used.

Note: Heated garages may require special provisions.

## Residential One Story Detached Accessory Structure

Note: For roofs with slopes less than 4:12, follow manufacturer's instructions for low slope application of roofing material.

#### NOTE:

**Foundations Requirements:** An accessory utility building 240 square feet (e.g. 12' x 20'/exterior dimensions) and less of floor area shall have a foundation type A and an accessory utility building larger than 240 square feet of floor area shall have a foundation type B.

**Foundation A:** 240 Square feet or less **Foundation B**: Larger than 240 square feet
