

PUBLIC NOTICE

PUBLIC NOTICE IS HEREBY GIVEN THAT THE CITY OF UNDERWOOD WASTEWATER TREATMENT FACILITY IMPROVEMENTS PROJECT HAS BEEN ISSUED A REAFFIRMATION. THIS PROJECT IS BEING FUNDED IN PART OR WHOLE BY SRF FUNDING.

This project has previously been reviewed by the Iowa Department of Natural Resources (DNR) and a Finding Of No Significant Impact (FNSI) was issued on April 1, 2024. This project's scope has since been altered. The additional project scope includes the installation of a new outfall pipe approximately 300-ft downstream from the existing outfall location. Given the scope and location of the proposed additional work, no impacts of the environmental criteria listed in 40 CFR (Code of Federal Regulations) Part 6 are anticipated. The original FNSI is hereby Reaffirmed to include the scope alteration listed above. Consequently, a preliminary decision has been made that a Finding of No Significant Impact (FNSI) will not be prepared.

This action is taken on the basis of a careful review of supporting information that is on file at the DNR's Des Moines, Iowa office. The Reaffirmation documentation for this project is available online at <https://www.iowasrf.com/environmental-review/>. The DNR will not take any administrative action on the project for at least thirty (30) calendar days from the publication of this Notice. Persons disagreeing with the above environmental decision may submit comments to SRF-PC@dnr.iowa.gov during this period. For further information, please contact Nicole Osborn at nicole.osborn@dnr.iowa.gov or 515-321-7601.
